**Pet Safety meets convenience with the Pet-Temp Collar,
 A real-time temperature monitoring smart collar**

Why it's unique?

- Real-time alerts sent to your mobile phone when your pet faces unsafe temperature conditions.
- Long battery life for everyday use.
- Ensures peace of mind while protecting your pet.

Feature	Function	Benefit
Temperature Sensor and Real-time Reading	Reads the ambient temperature	-Prevents overheating -Dog Safety
Adjustable Collar	Adjustable; Will fit multiple dogs	The same collar could be used even if a dog grows.
Extended Battery Life	Long battery life	Will not have to constantly charge and change batteries
Strong exterior	Protect internals of device from external forces	-Able to withstand daily impact forces -Good for active dogs
Integrated into collar	Ensures the unit will not move around.	Compact and sleek enough to be used as an everyday collar.
