I. INTRODUCTION

A. Statement of Policy

Western New England University (the “University”) is committed to maintaining a safe and respectful learning, living, and working environment for all members of the University community free from discrimination on the basis of sex, sexual orientation, or gender identity or expression and Sexual Misconduct including, but not limited to, sexual harassment, sexual assault, domestic violence, dating violence, stalking, gender-based violence, and violence based on sexual orientation or gender identity or expression.

Sexual Misconduct is antithetical to the mission and values of the University and will not be tolerated. The University will respond to reports and formal complaints of Sexual Misconduct (as defined in this Policy) and will take prompt action to eliminate such conduct, prevent its recurrence, and remedy the adverse effects of such conduct in the University’s programs and activities.

A Student, Employee or Third Party determined by the University to have violated this Policy will be subject to sanctions, up to and including the termination of their relationship with the University, withdrawal of the privilege to enter upon University property, and/or withdrawal of the privilege to participate in University sanctioned or supported activities and events.

B. Applicability

This Sexual Misconduct Policy (“Policy”) applies to all members of the University community including students enrolled for credit or non-credit-bearing coursework; University employees, including full-time and part-time faculty, staff, and administrators; as well as third parties such as contractors, vendors, visitors, and guests (collectively referred to herein as “Community Member”).

This Policy will apply to any instance in which a Community Member is alleged to have engaged in Sexual Misconduct prohibited under this Policy against any person, regardless of the Complainant’s or Respondent’s sex, sexual orientation, or gender identity or expression.

Where conduct in violation of this Policy also violates any other University policies, the University’s response will be governed by the procedures described herein. Where this Policy applies, its provisions will supersede any conflicting provision contained in other University policies.

C. Reports and Formal Complaints of Prohibited Conduct

The University strongly encourages anyone who experiences, witnesses, or becomes aware of Sexual Misconduct to report such conduct immediately regardless of where the incident occurred. This Policy specifically prohibits retaliation against any person who makes a good faith report or formal complaint of conduct prohibited under this Policy.

The University President, Vice Presidents, Deans, Title IX Coordinator/Sexual Misconduct Officer, and the Deputy Title IX Coordinators/Sexual Misconduct Officers are the University Officials with Authority to institute corrective measures on behalf of the University with respect to alleged violations of this Policy. Officials with Authority must report notice of Sexual Misconduct or allegations of Sexual Misconduct to the Title IX Coordinator/Sexual Misconduct Officer or a Deputy Title IX Coordinator/Sexual Misconduct Officer.

The University will promptly respond to reports or formal complaints of prohibited conduct made in accordance with the requirements of this Policy. The University's response will include measures designed to stop the prohibited conduct, prevent its recurrence, and remediate any adverse effects of such conduct.

D. Period of Limitations

A report or formal complaint of Sexual Misconduct may be made at any time, regardless of the length of time between the occurrence of the alleged misconduct and the decision to report or file. However, the University strongly encourages individuals to report or file promptly. A delay in reporting or filing a formal complaint may compromise the University's ability to take action and effectively respond to the alleged misconduct, particularly if neither the Complainant nor the Respondent is employed by the University or enrolled as a Student at the time the Complaint is made.

E. Statement of Non-Discrimination and Coordination of Policies

The University is committed to adhering to all state and federal laws prohibiting discrimination in its educational programs and activities, including employment, on the basis of a person's race, sex, religion, color, national origin, age, marital or parental status, military service or veteran status, gender identity or expression, sexual orientation, disabilities, genetic information or other legally protected status.

This Policy supports the University's commitment to compliance with Title IX of the Education Amendments of 1972 (Title IX), a federal civil rights law that prohibits discrimination on the basis of sex in education programs and activities, as well as other federal and state laws prohibiting discrimination in education and employment including Title VII of the Civil Rights Act of 1964, The Massachusetts Fair Employment Practices Act, and the Massachusetts Campus Sexual Violence Act, M.G.L. c. 6 sec.168(E).

Questions concerning the University's policies prohibiting sex-based discrimination including Sexual Misconduct and other forms of prohibited discrimination and harassment, can be directed to the Title IX & Compliance Officer, Sarah Butterick, whose office is located in Rivers Memorial, Office #109 and who can be contacted by phone at 413-782-1216 or by email at sarah.butterick@wne.edu.

In addition to making reports to the University, individuals may choose to report the issue to law enforcement for potential criminal prosecution, or to both or neither. Additionally, individuals can choose to pursue civil legal action and/or to seek protective orders from a court of law with or without making a report to the University or law enforcement.

Questions and/or complaints regarding sex-based discrimination can also be directed to the United States Department of Education Office for Civil Rights, at (OCR@ed.gov or (800) 421-3481), or to the United States Equal Employment Opportunity Commission, John F. Kennedy Federal Building, 475 Government Center, Boston, MA (617) 565-3200 and the Massachusetts Commission Against Discrimination, 436 Dwight St # 220, Springfield, MA 01103, (413) 739-2145, concerning prohibited discrimination in employment.

F. Individuals with Disabilities

The University will provide reasonable, appropriate accommodations for individuals with disabilities, to the extent necessary and available, and without undue hardship to the University, to access and participate in the procedures outlined in this Policy. An individual seeking accommodation must notify the Title IX Officer/Sexual Misconduct Officer of their need for accommodation. Requests for accommodations for Employees and Students may be reviewed in consultation with Human Resources and/or Student Accessibility Services.

G. University Title IX Coordinator/Sexual Misconduct Officers

The University has designated Sarah Butterick to serve as the University’s Title IX Coordinator/Sexual Misconduct Officer (“Title IX Officer”).¹ The Title IX Officer is charged with oversight and coordination of the University’s activities with respect to Title IX compliance and the development and implementation of the University’s policies, procedures, and activities to prevent sexual misconduct and response to reports and formal complaints alleging conduct in violation of this Policy. The University has also designated Deputy Title IX Coordinators/Sexual Misconduct Officers (“Deputy Title IX Officer”) to assist the Title IX Officer in the discharge of these responsibilities.

The Title IX Officer is available to meet with any Community Member to discuss this Policy or any issues or concerns with respect to the University’s Title IX related policies, procedures and activities. The Title IX Officer and Deputy Title IX Officers can be contacted by telephone, email, or in person during regular office hours:

¹ The Title IX Officer may designate the Deputy Title IX Officer(s) or another qualified person to assume or assist in performing all or part of their duties under this Policy. Therefore, where the Title IX Officer is identified as the person responsible for some aspect of this Policy, such provision should be read with the understanding that any duty or function of the Title IX Officer, other than overall responsibility for the oversight and coordination of Title IX/Sexual Misconduct programs and compliance, may be performed by the Deputy Title IX Officer or another qualified person designated by the Title IX Officer.

II. PROHIBITED CONDUCT

This Sexual Misconduct Policy prohibits forms of sex discrimination as defined in Title IX regulations² and guidance issued by the U.S. Department of Education. Sex discrimination or Sexual Misconduct falling outside the scope of this policy may be addressed under the Student Code of Conduct (for cases where a student is the Respondent) or the Exempt and Non-Exempt Employee Handbook (in cases where an employee is the Respondent).

Prohibited Conduct under this Policy includes the following:

A. Jurisdiction

Title IX Sexual Harassment includes all of the forms of conduct on the basis of sex, including sexual orientation and gender identity or expression, meeting the following requirements and the definitions of Prohibited Conduct in Section II(B):

Jurisdiction – Title IX applies only when the alleged sexual misconduct:

- Occurs within the United States; and
- Occurs within the University’s education program or activity, meaning
 - locations, events, or circumstances over which the University exercises substantial control over both the respondent and the context in which the Title IX Sexual Harassment occurs, and
 - any building owned or controlled by a student organization that is officially recognized by the University; and
 - at the time of filing a formal complaint, a complainant is participating in or attempting to participate in the education program or activity at the University.

B. Definition of Prohibited Conduct

This Policy prohibits Sexual Harassment, which is defined to include the following:

- **Quid Pro Quo Sexual Harassment:** An employee of the University conditioning the provision of an aid, benefit, or service of the University on an individual’s participation in unwelcome sexual conduct;
- **Sexual Harassment:** Unwelcome conduct on the basis of sex³ determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies an individual equal access to the University’s education program or activity⁴;
- **Discrimination:** On the basis of sexual orientation or gender identity.

2 34 CFR Part 106

3 This includes but is not limited to conduct on the basis of sexual orientation and gender expression.

4 Title IX does not reach curriculum or in any way prohibit or abridge the use of particular textbooks or curricular materials. See 28 C.F.R. § 54.455; 34 C.F.R. § 106.42. Furthermore, OCR’s 2001 Guidance stated that “Title IX is intended to protect students from sex discrimination, not to regulate content of speech... [T]he offensiveness of a particular expression as perceived by some students, standing alone, is not a legally sufficient basis to establish a sexually hostile environment under Title IX.” Department of Education, Office for Civil Rights, Revised Sexual Harassment Guidance (2001) at 22. See also OCR Dear Colleague Letter on the First Amendment, July 28, 2003 (explaining that “OCR’s regulations should not be interpreted in ways that would lead to the suppression of protected speech on public or private campuses.”).

- **Sexual Assault:** Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. Sexual assault can occur between individuals of the same or different sexes and/or genders. This includes the following:
 - **Rape:** The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
 - **Sodomy:** Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
 - **Sexual Assault with an Object:** To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
 - **Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
 - **Incest:** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law; or
 - **Statutory Rape:** Sexual intercourse with a person who is under the statutory age of sixteen (16).
- **Domestic Violence:** A felony or misdemeanor crime of violence committed: (a) by a current or former spouse or intimate partner of the victim; (b) by an individual with whom the victim shares a child in common; (c) by an individual who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; (d) by an individual similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the felony or misdemeanor crime of violence occurred; (e) by any other individual against an adult or youth victim who is protected from that individual's acts under the domestic or family violence laws of the jurisdiction in which the felony or misdemeanor crime of violence occurred.
 - Intimate partner is defined as an individual with whom one has or had a short- or long-term relationship that provides romantic and/or physical intimacy or emotional dependence. Intimate relationships can occur between individuals of the same gender or different genders and may include (but are not limited

to) marriages, civil unions, dating relationships, “hook-up” relationships, relationships in which partners are characterized as “girlfriends” or “boyfriends,” and relationships between individuals with a child in common.

- **Dating Violence:** Violence committed by an individual who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting individual’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the individuals involved in the relationship. This includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.
- **Stalking:** Engaging in a course of conduct directed at a specific individual that would cause a reasonable person to: (a) fear for the individual’s safety or the safety of others; or (b) suffer substantial emotional distress. For the purposes of the Stalking definition: Course of conduct means two or more acts, including acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means (e.g. text, social media, email or phone call) follows, monitors, observes, surveils, threatens, or communicates to or about an individual, or interferes with an individual’s property. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

For prohibition against sex-based discrimination, sexual misconduct, and other prohibited conduct that does not meet the jurisdictional requirements of Title IX as well as the procedures to address those allegations, please review the Student Code of Conduct (for cases where a student is the Respondent) and the Exempt and Non-Exempt Employee Handbooks (for cases where an employee is the Respondent). If allegations fall under this policy and another Sexual Misconduct-related policy, the allegations may be consolidated into one case and the procedures described in this Policy may be used to address all allegations.

C. Retaliation

Retaliating is seeking retribution against a Complainant, Respondent, or any individual for exercising their rights under this Policy or making a report or complaint, testifying, assisting, conducting, participating in or refusing to participate in an investigation, hearing, or other proceeding under this Policy. Retaliation can be committed by any individual or group of individuals, not just those involved in a report or complaint.

Retaliation may include, but is not limited to, threats, coercion, verbal abuse, violence, and harassment, including knowingly making false statements about another person verbally or in writing. Retaliation will violate this Policy even where the underlying allegation(s) of Sexual Misconduct are dismissed or a finding of “no responsibility” has been made.

Complaints alleging retaliation under this Policy, including for the exercise of rights under this Policy, must be filed as a formal complaint in accordance with the procedures

set forth in this Policy.

III. CONSENT

Engaging in sexual activity of any type with another person without their Consent is prohibited. Consent is defined as a freely and affirmatively communicated willingness to participate in sexual activity, expressed either by words or clear, unambiguous actions. Individuals who choose to engage in sexual behavior should verbally communicate their intentions and Consent to engage in specific sexual activity as clearly as possible.

Consent may be withdrawn at any time. An individual who seeks to withdraw consent should communicate, through clear words or actions, a decision to cease the sexual activity. Once Consent is withdrawn, the sexual activity must cease immediately.

A person who initiates a sexual activity is responsible for obtaining Consent for that activity. Lack of protest, lack of resistance, silence and/or passivity do not constitute Consent. Relying solely on non-verbal communication before or during sexual activity can lead to misunderstanding and may result in a violation of this Policy.

Consent to one form of sexual activity or with one partner does not, by itself, constitute Consent to another form of sexual activity or with others. In addition, Consent to sexual activity on a prior occasion does not, by itself, constitute Consent to future sexual activity. In cases where the parties are or were engaged in a prior or ongoing consensual sexual relationship, the manner and nature of prior communications between the parties and the context of the relationship may have a bearing on evaluating the presence of Consent, but any sexual activity must still be mutually agreed upon.

Consent, even when given, is ineffective if given by a minor (in Massachusetts, those not yet sixteen (16) years of age), by individuals who are incapacitated, or when obtained by force, violence, threats, intimidation, or coercion.

A. Incapacity

A person who is incapacitated is unable, temporarily or permanently, to give Consent because they lack the ability to make informed, rational judgments about whether or not to engage in sexual activity as a result of mental or physical helplessness, sleep, unconsciousness, or lack of awareness that sexual activity is taking place.

Mental helplessness means a person who is incapable of appraising or controlling their own conduct. Physical helplessness means a person who is physically unable to communicate their willingness or unwillingness to engage in an act. A person may be incapacitated as a result of the voluntary or involuntary consumption of alcohol or other drugs, or due to a temporary or permanent physical or mental health condition.

A person is not necessarily incapacitated merely as a result of ingesting alcohol or other drugs. Incapacitation is an extreme form of intoxication. The impact of alcohol and other drugs varies from person to person. A person's level of intoxication can change rapidly, and incapacitation can be reached within a short period of time. Although every

individual may manifest signs of incapacitation differently, typical signs include, but are not limited to, slurred or incomprehensible speech, unsteady gait, combativeness, emotional volatility, vomiting, outrageous or unusual behavior, and/or unconsciousness.

B. Consent Cannot Be Obtained by Force

Consent cannot be obtained by Force. Force includes the use of physical violence, threats, intimidation, and/or coercion.

Physical violence means that a person is exerting control over another person through the use of physical force. Examples of physical violence include hitting, punching, slapping, kicking, pushing, restraining, choking, and brandishing or using any weapon.

Threats are words or actions that would compel a reasonable person to engage in unwanted sexual activity. Examples include threats to harm a person physically, to reveal private information to harm a person's reputation or cause a person academic or economic harm.

Intimidation is an implied threat that menaces or causes reasonable fear in another person. A person's size, alone, does not constitute intimidation; however, a person's size may be used in a way that constitutes intimidation (e.g., blocking access to an exit).

Coercion is the use of an unreasonable amount of pressure to gain sexual access. Coercion is more than an effort to persuade, entice, or attract another person to have sex. When a person makes clear a decision not to participate in a particular sexual activity or a form of sexual activity, a decision to stop, or a decision not to go beyond a certain sexual interaction, continued pressure can be coercive. To constitute coercion, conduct must have impaired the other individual's freedom of will to choose to participate in sexual activity.

In evaluating whether Consent existed, consideration will be given to the totality of the circumstances including, but not limited to, the extent to which the words or clear, unambiguous actions of the alleged victim affirmatively communicated their willingness to participate in sexual activity; whether a reasonable sober person in the position of the individual alleged to have engaged in the prohibited conduct would have known or should have known that the alleged victim was incapacitated; and whether the circumstances indicate that Consent to sexual activity did not exist.

IV. REPORTING AND CONFIDENTIALITY

The following information is provided to help Community Members make informed choices about where to turn if they or someone else is a victim of Sexual Misconduct. The University encourages victims to talk to someone about what happened so that they can get the care and support they may need, and so the University can take prompt action to respond to the issue.

The University is committed to protecting the privacy of all involved in the response to a report of Sexual Misconduct in accordance with applicable law, and will take steps to limit disclosure of related information only to those individuals who have a need to know

in order to assess the report, provide supportive measures, and to take steps to eliminate conduct that violates this Policy, prevent its recurrence, and remedy its effects.

The privacy of Student education records will be protected in accordance with the Family Educational Rights and Privacy Act (FERPA). The privacy of an individual's medical and related records is generally protected by the Health Insurance Portability and Accountability Act (HIPAA), excepting health and treatment records protected by FERPA.

A. Employee Reporting Obligations

All Employees including faculty, staff, administrators, and students employed as resident assistants, advisors, peer advisors, supervisors and graduate assistants who are not identified as being a Confidential Employee as defined herein, are required to immediately report all information obtained, whether directly or indirectly, about incidents of Sexual Misconduct to the Title IX Officer including the names, if known, of the victim and all others involved in, or having knowledge of the incident.

Only Confidential Employees (as defined herein) are exempted from the requirement for employees to report information concerning incidents of Sexual Misconduct to the Title IX Officer.

Reporting allows the Title IX Officer to provide supportive services and information concerning reporting and resolution options and procedures to individuals who may have been subjected to Sexual Misconduct and to evaluate patterns, trends, and safety issues for the Community at-large.

Confidential Employees: A victim of Sexual Misconduct can seek assistance and support from a Confidential Employee without triggering a report of information concerning such conduct to the Title IX Officer or to the University that could reveal the victim's identity or that the victim disclosed the incident.

The University has designated individuals who are employed in positions that provide medical care, mental health services, counseling, and clergy providing religious counseling as well as employees providing such services under their supervision, as being Confidential Employees.

The designation of Confidential Employee status extends to employees working in positions that provide administrative and/or related support to Confidential Employees in connection with their provision of confidential services. However, the designation extends only to information received or learned by such employees in the course of performing their job duties in support of the Confidential Employee(s).

Confidential Employees are instructed to inform individuals who may have been subjected to Sexual Misconduct of their right to make a report and to file a Complaint with the University, however, Confidential Employees are not required to disclose to the University any personal or other information that could reveal the identity of a victim of Sexual Misconduct who disclosed information to the Confidential Employee in

connection with their provision of confidential services to the victim.

While Confidential Employees may maintain a victim's confidentiality with respect to the University, they may disclose personally identifiable information as required by law or a court order. For example, such information may be disclosed when: (i) the victim gives written consent for disclosure; (ii) there is an imminent threat of harm to the individual or others; or (iii) the information concerns conduct involving suspected abuse or neglect of a minor under the age of 18.

All Community Members are required to immediately report any suspected abuse or neglect of a minor to the Title IX/Sexual Misconduct Officer who will contact appropriate agencies including law enforcement and the Massachusetts Department of Children and Families ("DCF"). Community Members may also report suspected abuse or neglect of a minor through DCF's Child-at-Risk Hotline at (800) 792-5200.

V. SOURCES OF SUPPORT AND ASSISTANCE

The University offers a wide range of resources to provide Community Members with care, support and guidance in response to incidents of Sexual Misconduct. The University strongly encourages community members who have been subjected to Sexual Misconduct to seek care and support from confidential and/or non-confidential resources available to them on or off campus.

A. Confidential Resource Provider

The Confidential Resource Provider ("CRP") is a person who can provide information, support, and assistance to Community Members with respect to issues of Sexual Misconduct on a confidential basis. The CRP is a Confidential Employee.

The University has designated two individuals on campus as CRPs:

- 1) Lauren Dansereau, Director of Health Services/Nurse Practitioner. Their office is located in the Center for Sciences and Pharmacy, Room 235 in the Health & Wellness Suite. Students and employees can contact Lauren by phone at (413) 796-2308 and by email at lauren.dansereau@wne.edu, Monday through Friday 8:30 to 4:30.
- 2) Ryan Berthiaume, Licensed Staff Mental Health Counselor/Athletics Specialist. Their office is located in the Center for Sciences and Pharmacy, Room 241 in the Health & Wellness Suite. Students and employees can contact Ryan by phone at (413) 796-2385 and email at ryan.berthiaume@wne.edu, Monday through Friday 8:30 to 4:30.

The CRP can provide information about various options and procedures for reporting incidents of Sexual Misconduct to the University and/or off-campus resources such as law enforcement and courts and information and support in accessing on and off-campus services and supportive measures including medical, health, and counseling services, as well as pursuing safety and security measures such as University issued no contact orders and/or court ordered protective orders.

Communications with the CRP are privileged under Massachusetts law. This means that

the CRP cannot be made to disclose the identity of individuals who seek their services or information provided to them by a person receiving services to anyone (including University officials, Title IX or law enforcement) without the written consent of the person receiving the CRP's services unless compelled to do so by law.

The CRP may act as an advisor and/or support person during meetings, interviews, hearings and other proceedings under the University's Sexual Misconduct Policy for individuals who are involved as a party in the formal complaint process.

Notice: Providing information to the CRP concerning issues of Sexual Misconduct does not place the University on notice of such conduct.

B. On-Campus Resources

A listing of on-campus confidential and non-confidential resources, including contact information, that can provide Community Members with emergency and ongoing medical treatment, counseling, support, victim advocacy services, and options for reporting incidents to the University and/or law enforcement is included at [Appendix B](#).

C. Off-Campus Resources

Off-campus counselors, advocates, and health care providers will also generally maintain confidentiality and not share information with the University unless the patient/client authorizes the disclosure.

Information concerning some of the resources available in the Springfield community including hospitals, counseling, advocates, law enforcement agencies, and legal services is included in [Appendix C](#).

VI. REPORTING SEXUAL MISCONDUCT

The University strongly encourages anyone who experiences, witnesses, or becomes aware of Sexual Misconduct to report such conduct immediately regardless of where the conduct occurred. The University prohibits retaliation against anyone who reports an incident of Sexual Misconduct, assists another in making a report, or who participates in the investigation of a report or the University's grievance procedures in response to a formal complaint.

The University provides multiple avenues to report incidents of Sexual Misconduct. Individuals may choose to make a report to the University under this Policy, either directly or anonymously, to law enforcement for potential criminal prosecution, or to both or neither. Additionally, individuals can choose to pursue civil legal action and/or to seek protective orders from a court of law with or without making a report to the University or law enforcement.

Complaints made to the University, law enforcement and/or civil courts can be pursued concurrently under the University's grievance procedures and external civil and/or criminal processes. The Title IX Officer, Campus Police, and the CRP can provide information and assistance to individuals who wish to pursue protective orders, criminal

complaints with off-campus law enforcement agencies and/or civil actions in court.

A. Filing a Complaint with Law Enforcement

A Complainant has the right to notify or decline to notify law enforcement concerning an incident of Sexual Misconduct. A Complainant who wishes to pursue criminal action in addition to, or instead of, making a report to the University is strongly encouraged to immediately notify law enforcement directly by contacting:

WNEU Department of Public Safety

1215 Wilbraham Road, Springfield, MA 01119

(413) 782-1411 or (413) 782-1300

police@wne.edu

Public Safety Officers are available 24 hours a day, seven days a week.

Springfield Police Department

130 Pearl Street, Springfield, MA 01105

Non-Emergency: (413) 787-6300

Community Police Liaison: (413) 787-6359

Emergency: 911

Campus police and local police have the power to seek and execute search warrants, collect forensic evidence, make arrests, and assist in obtaining civil protective orders. Campus Police and/or the Title IX Officer can provide support and arrange transportation for a Community Member who wishes to seek the assistance of off-campus law enforcement authorities concerning incidents of Sexual Misconduct. Under limited circumstances, posing a threat to health or safety of a Community Member, the University may independently notify law enforcement of the incident(s).

Individuals may inform law enforcement authorities about Sexual Misconduct and discuss the matter with a law enforcement officer without making a formal criminal complaint or a formal complaint to the University. Individuals who make a criminal complaint may also choose to pursue a formal complaint with the University simultaneously.

A criminal investigation into the matter will not preclude the University from conducting its investigation of a formal complaint. However, the University may temporarily delay its investigation while criminal investigators are gathering evidence. Although the investigations complaints may be conducted simultaneously, they will be independent of one another. The University may obtain and use reports and information developed in the course of a law enforcement investigation in the University's investigation and resolution of a Complaint of Sexual Misconduct.

Neither the results of a criminal investigation nor the decision of law enforcement to investigate or decline to investigate the matter is determinative of whether Sexual Misconduct, for the purposes of this Policy, has occurred.

B. Preserving Evidence of Sexual Misconduct

If you have been subjected to sexual misconduct the decision to seek treatment, to report an incident and/or to choose to pursue criminal or other legal action is always yours. Pursuing law enforcement or medical assistance does not obligate you to make a complaint or take any further action, but the decision to seek medical help and gather evidence will help to preserve your options to pursue criminal or other actions if you decide to do so in the future. The University will assist you in getting to a safe place, to access medical assistance, and, if you choose, to contact law enforcement or to seek a protective order.

If you have been subjected to Sexual Misconduct you are encouraged to take steps to preserve evidence of the incident, as doing so may be necessary to prove that a crime occurred, or to obtain a protection order from the court. After an incident occurs, you should try to refrain from bathing, showering, brushing teeth, drinking, eating, douching or changing clothes until the evidence can be collected. If you change clothes, place each garment in a separate paper (not plastic) bag. If the incident involves any written or electronic communications (e.g. pictures/videos, texts, social media posts, etc.), care should be taken to preserve copies and not delete the original communication.

C. Reporting to the University

The University strongly encourages anyone who has experienced, has knowledge of, or has witnessed Sexual Misconduct to make a report to the University. Making a report to the University does not require participation in any subsequent University proceedings, nor is a complaint required in order for an individual to receive support or remedial measures.

Note: All of the following, including employees of the identified offices and departments, are employees required to immediately report all information (received directly or indirectly) about incidents of Sexual Misconduct involving a Community Member to the Title IX Officer. They must also report information as required under the Clery Act.

Reports of sexual misconduct can be made to the University through the online reporting form available here <https://wne.guardianconduct.com> or by contacting any of the following:

The University Title IX Officer and Deputy Title IX Officers

Reports and formal complaints can be submitted to the Title IX Officer and Deputies 24 hours a day, seven days a week via email or during business hours (8:30 a.m. to 4:30 p.m., Monday through Friday) in person, via email or telephone.

D. Anonymous Reporting Options

Anonymous reports may be made through the online reporting form available here <https://wne.guardianconduct.com>. **A formal complaint cannot be made anonymously.**

Individuals who choose to file anonymous reports of Sexual Misconduct are advised that the University will conduct an inquiry into the report. However, the University's ability to conduct an effective inquiry and to take action concerning the report may be significantly limited. Anonymous reports may be used for Clery Act data collection

purposes.

Employees who have **not** been designated as Confidential Employees cannot make anonymous reports concerning information (obtained directly or indirectly) about incidents of Sexual Misconduct involving a Community Member. All employees who have **not** been designated as Confidential Employees must report all such information to the Title IX Officer.

E. Protective Orders

Any Community Member who obtains a protective order from a court or another off-campus entity with the legal authority to issue such orders, must provide a copy of the order to University's Department of Public Safety and the Title IX Officer. This will ensure that the University is aware of the Order and the requisite restrictions, and will enable the University to implement supportive and/or other measures as may be needed in connection with the Order.

F. Classroom Discussions and Public Awareness Events

Classroom discussions and assignments as well as public awareness events such as "Take Back the Night," candlelight vigils, protests, survivor speak outs, film screenings, or other public forums in which incidents of Sexual Misconduct are disclosed shall not be considered to place the University on notice of an incident of Sexual Misconduct for purposes of triggering its obligation to investigate any particular incident(s).

G. Clery Act Reporting

Pursuant to the Clery Act, the University includes statistics about certain offenses in its daily crime log and annual security report and provides those statistics to the United States Department of Education, but does so in a manner that does not include any personally identifying information about persons involved in an incident. If a report of Sexual Misconduct discloses a serious and continuing threat to the University community, where timely notice must be given to protect the health or safety of the community, the University is required to issue a timely notification to the community under the Clery Act. The timely warning will not provide any personally identifying information about the victim.

H. Immunity for Conduct Violations

The University considers the reporting and resolution of Sexual Misconduct violations to be of paramount importance. Accordingly, individuals who in good faith make a report of sexual misconduct or who, in good faith, provide information to the University as a witness in connection with the investigation and resolution of a report or formal complaint of alleged Sexual Misconduct will not be subject to disciplinary sanctions for violations of student conduct policies related to the underlying incident of alleged sexual misconduct unless the conduct violations were egregious.

I. False and Intentionally Misleading Statements

The University may take disciplinary action against an individual for making a materially false or intentionally misleading statement in the course of an investigation, proceeding, or hearing under this Policy. However, the University will not conclude that a materially false or misleading statement was made in bad faith solely based on a determination regarding responsibility in connection with an adjudication under this Policy. Further, the exercise of rights guaranteed under law including the First, Fifth, and Sixth Amendments to the United States Constitution will not constitute a violation of this Policy.

VII. PROCEDURES FOR RESPONDING TO REPORTS AND FORMAL COMPLAINTS OF TITLE IX SEXUAL MISCONDUCT

These procedures outline the steps the University will take upon receiving a report or formal complaint of alleged Sexual Misconduct prohibited by this Policy.

In order to protect the safety of the campus community, the Title IX Officer may review reports of alleged violations of this Policy even when a formal complaint has not been filed or has been withdrawn to determine if an investigation may be warranted. In such cases, the Title IX Officer may determine to file a formal complaint and proceed with an investigation even if a complainant has requested that the University take no action on the matter.

In making a determination to file a formal complaint, the Title IX Officer will consider the complainant's request, the University's obligations to address sexual misconduct, safety concerns, the interests of others involved, and the interests of the University community.

A. Supportive Measures

The Title IX Officer is responsible for the implementation of supportive measures and for coordinating with other University officials and departments to do so. Upon receipt of a report or formal complaint of a violation of this Policy, the University, through the Title IX Officer, will promptly contact the Complainant, or if unknown attempt to identify the Complainant, to discuss the availability of supportive measures.

The Title IX Officer will also discuss the availability of supportive measures with the Respondent, as appropriate, with third parties taking into account the role of the third party and the nature of their relationship to the University.

Supportive measures are designed to restore or preserve equal access to the University's educational and employment programs or activities without imposing an unreasonable burden on the other party, including measures designed to protect the safety of all parties and the broader University community, or deter Sexual Misconduct. The approval and application of supportive measures will be determined by the specific circumstances of each case.

The Title IX Officer shall consider the complainant’s wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint, grievance procedure, and the process for resolving formal complaints including informal resolution, if available and deemed appropriate by the Title IX Officer.

Supportive measure may impose restrictions on a party however, supportive measures will not be applied so as to impose an unreasonable burden. The University may provide supportive measures to the complainant or respondent, as appropriate and reasonably available, and will do so without fee or charge, regardless of whether the complainant seeks formal disciplinary action.

Once supportive measures are approved, the parties and/or affected individuals will be notified in writing of the supportive measures. The University will keep supportive measures provided to a party confidential to the extent practicable.

For information and assistance in arranging supportive measures, individuals may contact the Title IX Officer or Deputy Title IX Officer.

Examples of supportive measures include:

- Issuing mutual no-contact orders (i.e., an order directing one or both of the parties to

- refrain from contacting the other, directly or through proxies);
- Placing a non-student Employee on administrative leave from employment during the pendency of investigation and resolution proceedings;
- Arranging access to counseling services and assistance in setting up initial appointments for students, or providing contact information for available counseling services for employees;
- Assistance in seeking academic assistance or modifications;
- Assistance in modifying University housing arrangements, if available;
- Assistance in modifying University employment arrangements, including changes in work schedules, job assignments, or work locations;
- Changing an Employee's phone number at work;
- Arranging a meeting with Department of Public Safety or local police to discuss safety planning, the filing of a criminal complaint or request for a protective order;
- Arranging a leave of absence.

B. Emergency Removal / Administrative Leave

In connection with this Policy, whether or not a grievance process is underway, the University may summarily remove a student from educational programs and/or activities on an emergency basis, after undertaking an individualized safety and risk analysis, and upon the determination that the individual poses an immediate threat to the physical health or safety of any student or other individual (including themselves, the respondent, the complainant, or any other individual). In these situations, the University will provide the individual with notice and an opportunity to challenge the decision immediately following removal.

The University may place an employee who is named as a Respondent in a formal complaint under this Policy on paid administrative leave for all or any part of the investigation and resolution proceedings. However, leave will be administered in a manner that will allow the employee an equal opportunity to participate in the proceedings.

C. Initial Assessment and Determination of Covered Conduct

Where the complainant is known or identified, the Title IX Officer shall arrange a meeting, or may appoint a Deputy Title IX Officer to arrange a meeting, to discuss the report or formal complaint with the complainant and the procedures and actions available under this Policy to resolve the complaint.

The actions of the Title IX Officer/Deputy Title IX Officer in conducting the initial assessment will include, but are not limited to, the following:

- Inform complainant about how to access a copy of the Sexual Misconduct Policy.
- Provide complainant with information about confidential and non-confidential medical, wellness, and support resources on-campus and off-campus.
- Explain the importance of obtaining and preserving forensic and other evidence,

and their right to contact law enforcement, or to decline to contact law enforcement, and/or to seek a protective order.

- Inform complainant of the prohibition of retaliation against individuals who make a report or formal complaint, or who participate in the grievance and resolution procedures under this Policy.
- Assess the nature and circumstances of the report and determine if the reported conduct demonstrates a threat to the health or safety of the University community that may warrant issuance of a timely warning or entry of the report in the daily crime log.
- Make a determination as to whether the conduct reported would, if substantiated, constitute conduct prohibited under this Policy.
- If the Title IX Officer/Deputy Title IX Officer determines that the conduct reported would, if substantiated, constitute conduct prohibited under this Policy, the complaint may move forward. If not, the complaint will be dismissed. If applicable, the complaint may be referred for action under other applicable University policies.
- If a formal complaint has not been made, the Title IX Officer/Deputy Title IX Officer will discuss the process for making a formal complaint with the complainant and the procedures and actions available under this Policy to resolve the complaint.
- The Title IX Officer/Deputy Title IX Officer will discuss any concerns or barriers to Complainant's participation in any investigation or resolution procedures under this Policy and explain the University's policies concerning retaliation, privacy and confidentiality with respect to such procedures.
- The Title IX Officer/Deputy Title IX Officer will discuss the Complainant's preferred resolution for the complaint.
- If the Complainant does not file a formal complaint or chooses not to go forward with a formal complaint, the Title IX Officer may review the matter to determine whether to file a formal complaint and proceed with the sexual misconduct grievance procedures without the participation of the Complainant.

D. Informal Resolution Process

Subject to the consent of the parties and the approval of the Title IX Officer, the University may permit a formal complaint to be resolved through informal resolution. Informal resolution is available for cases under this Policy except those involving allegations that an employee has subjected a student to conduct prohibited under this Policy.

The informal resolution process is a voluntary, mediation-based process designed to provide parties with an option to reach an agreement to resolve the complaint through mediation outside of the University's formal grievance processes under the Policy. The

mediation will be facilitated by an individual selected by the University.

In order to use the informal resolution process, both parties must provide voluntary, written consent to the informal resolution process and must receive written notice disclosing: the allegations, the requirements of the informal resolution process (including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations), and any outcomes resulting from participating in the informal resolution process (including the records that will be maintained or could be shared). At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the University Sexual Misconduct grievance process with respect to the formal complaint.

The University will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of Sexual Misconduct. Similarly, the University will not require, encourage, or discourage the parties from participating in the informal resolution process. The University will not offer the informal resolution process unless a formal complaint is filed and the Title IX Officer approves the use of the process for the resolution of the complaint.

The parties may submit a request to the Title IX Officer for approval to use the informal resolution any time after the filing of a formal complaint up to 48 hours prior to the schedule start of an adjudicatory hearing under this Policy.

E. Sexual Misconduct Grievance Process

The University is committed to providing a prompt, fair, and impartial investigation and adjudication of all formal complaints alleging violations of this Policy. During the grievance process, both parties (complainant and respondent) will have equal rights to participate. This grievance process will apply to all formal complaints of Sexual Misconduct prohibited under this Policy.

The Title IX Officer, or a Deputy Title IX Officer appointed by the Title IX Officer, is responsible for overseeing the investigation and resolution of formal complaints, and will be the primary point of contact for complainant and respondents(s) throughout the grievance process. This process will result in the resolution of formal complaints through investigation, adjudication, or dismissal.

Individuals conducting proceedings under the grievance process will receive annual training on issue related to Title IX/Sexual Misconduct, investigation procedures, and hearing procedures. The University will not disclose the identity of the parties, except as necessary to carry out grievance procedures or as may be permitted or required under state or federal law.

F. Definitions

Report: A report refers to information brought to the attention of an Official with Authority alleging that an incident(s) of conduct prohibited under the University's Sexual Misconduct Policy has occurred; a report is not considered to be a formal complaint. A

party may bring a report and then subsequently file a formal complaint.

Formal Complaint: Is a document filed by a Complainant (meaning a document or electronic submission (such as by email) that contains the Complainant's physical or digital signature, or otherwise indicates that the Complainant is the individual filing the formal complaint) alleging that a respondent(s) has engaged in conduct prohibited under the University's Sexual Misconduct Policy, and requesting that the University investigate the allegation. *A formal complaint cannot be made anonymously.*

The University's Title IX Officer may also initiate a formal Complaint by signing a document alleging that a respondent(s) has engaged in conduct prohibited under the University's Sexual Misconduct Policy. In such cases, the Title IX Officer is not a complainant or a party to the action.

In order to protect the safety of the campus community, the Title IX Officer may review reports of alleged violations of this Policy even when a formal complaint has not been filed or has been withdrawn, to determine if an investigation may be warranted. In such cases, the Title IX Officer may decide to file a formal complaint and proceed with an investigation even if a complainant has requested that the University take no action on the matter.

In making a determination to file a formal complaint, the Title IX Officer will consider the complainant's request, the University's obligations to address sexual misconduct, safety concerns, the interests of others involved, and the interests of the University community.

Presumption of Good Faith Reporting: The University presumes that reports of prohibited conduct are made in good faith. A finding that the alleged behavior does not constitute a violation of this Policy or that there is insufficient evidence to establish that the alleged conduct occurred as reported does not mean that the report was made in bad faith.

Presumption of Non-Responsibility: The respondent is presumed to be not responsible for the alleged conduct unless and until a determination regarding responsibility is made at the conclusion of the grievance process.

Notices and Communications: Unless the Title IX Officer gives written direction otherwise, all notices and other communications made by the University in connection with these procedures shall be deemed to have been delivered to a participant (Complainant, Respondent, witness, etc.) when sent electronically to the participant's University issued email account.

Time Period: The University will endeavor to complete the investigation and adjudication of formal complaints within one hundred (100) business days from the date of the investigators' first interview of the complainant. Timeframes for all phases of the grievance process, including the investigation, the hearing, and any related appeals, apply equally to both parties.

There may be circumstances that require the extension of timeframes for good cause. The

Title IX Officer may extend timeframes to ensure the integrity and completeness of the investigation or adjudication, comply with a request by external law enforcement, accommodate the absence of a party, advisor, or witness, or for other legitimate reasons, including the complexity of the investigation and the severity and extent of the alleged misconduct. The University will notify the parties in writing of any extension of the timeframes for good cause, and the reason for the extension.

Standard of Evidence: All determinations concerning responsibility for violations of the Sexual Misconduct Policy will be made using a preponderance of the evidence standard. Preponderance of the evidence means that, based on the evidence, it is more likely than not that the Respondent engaged in prohibited conduct as defined in the Sexual Misconduct Policy.

Cooperation: All Community Members involved in the investigation and resolution of Complaints are expected to cooperate with the Title IX Officer, Investigator(s) and others with responsibility for implementation of these procedures. All Community Members participating as a complainant, respondent or witness under this Policy are expected to do so honestly. Individuals who make knowingly false or intentionally misleading statements in connection with any part of the grievance process may be subject to disciplinary action.

Conflict of Interest/Bias: All individuals involved in the administration of the grievance process must be free of conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent and be trained as required pursuant to Title IX regulations. Parties will be notified at the appropriate junctures of the identities of the individuals serving as investigators, hearing panel members, and appeal officers.

A party who has concerns that one or more of the individuals assigned to perform the duties of one of these positions has a conflict of interest or is biased must report their concerns in writing to the Title IX Officer within 48 hours of being notified of their appointment to explain the basis for the claimed conflict or bias. The Title IX Officer will review the allegations of conflict or bias and will determine if the individual(s) identified can fulfill their duties impartially. If not, the Title IX Officer will replace the individual(s).

Non-Confidentiality: While complainants, respondents, and witnesses involved in the grievance process under this Policy are strongly encouraged to exercise discretion in sharing information in order to safeguard the integrity of the process and to avoid the appearance of retaliation, complainants and respondents are not restricted from discussing the allegations under investigation.

Medical, psychological, and similar treatment records are privileged and confidential documents that cannot be accessed or used for a grievance process under this Policy without the relevant party's written consent. If a party does consent to the use of treatment records in the grievance process, such records shall be treated with appropriate discretion by the parties and participants in the grievance process but will not remain confidential.

Investigators, the Title IX Officer and Deputy Title IX Officer(s), Hearing Officers, and other employees involved in the grievance process will maintain the privacy of both parties to the extent possible. While information is only divulged on a need-to-know basis, confidentiality cannot be guaranteed.

Advisors: Complainant and respondent shall have the right to be accompanied by an advisor or support person⁵ of their choice during any meeting, interview, or hearing, held pursuant to the Sexual Misconduct Policy (“Proceeding”). An advisor or support person may, but is not required to be an advocate or attorney. Complainant and respondent need not use the same advisor or support person throughout the investigation and resolution process. However, he or she may only have a single advisor or support person present during any Proceeding.

⁵ A support person can also serve as an advisor.

Neither an advisor or a support person may speak or make statements for the individual they are advising in any Proceeding, although they may ask for brief breaks during meetings, interviews, or hearings to consult privately with the individual they are present to advise/support. The Advisor will conduct cross-examination of the opposing party during the adjudicatory hearing. If a party does not have an advisor for a scheduled adjudicatory hearing, they must notify the Title IX Officer and the University will assign an advisor to them for the hearing.

Past History: In general, information concerning either party's sexual history beyond the conduct forming the basis of the Complaint, will not be solicited or considered as part of the investigation and resolution process. However, where Consent is at issue and the parties have previously engaged in consensual sexual relations, the prior consensual sexual history between them including the manner and nature of communications between them, may be relevant to the assessment of issues concerning Consent, to explain the presence of a physical injury, or to help resolve other questions relevant to the conduct alleged in the complaint. As previously stated in this Policy, the mere fact that the parties had engaged in a current or previous consensual sexual relationship, by itself, is not sufficient to establish Consent to subsequent sexual activity, and there must be Consent for all sexual activity.

Information about prior sexual conduct of either party may also be permitted to prove that someone other than the Respondent committed the alleged Sexual Misconduct.

Information concerning incidents of similar conduct or acts of violence on the part of the Respondent prior or subsequent to the conduct raised in the Complaint, whether or not the subject of another Complaint or finding of responsibility, may be deemed relevant to the assessment of responsibility for conduct alleged in a complaint, if such information indicates a history of conduct related to the specific conduct alleged in the complaint. Sexual history evidence offered only to show a party's reputation or character will never be considered relevant on its own.

Consolidation: The Title IX Officer has the discretion to consolidate multiple formal complaints of allegations of Sexual Misconduct prohibited under this Policy against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of arise out of the same facts or circumstances. Allegations of other misconduct may be consolidated with allegation of Sexual Misconduct and, as discussed in Section II.B., this Policy may be used to adjudicate such allegations.

Failure or Refusal to Participate: The failure or refusal of a Complainant or Respondent to participate in any meeting, interview, hearing or other proceeding under the grievance process will not prevent the University from moving forward. If after appropriate notice is given, a party fails or refuses to participate in any such proceeding, the University shall continue the process and will make its determinations based on the information available.

The University will not take disciplinary or other adverse action against a party or witness for choosing not to participate in the proceeding, refusal to answer questions, or to be cross-examined(s) at a hearing. Further, no adverse inference shall arise or be applied in making any decision or determination concerning a party based solely on the individual's absence from the proceeding, refusal to answer a question, or to be cross-examined at a hearing.

G. Investigation

If the Title IX Officer has determined, following an initial assessment, that an investigation is appropriate, they will refer the matter for investigation and will appoint an investigator(s). If needed, the investigator(s) may be assisted in conducting investigation functions by other qualified individuals.

Notice of Investigation

Following the receipt and review of the formal complaint by the Title IX Officer, and it being determined that the matter properly falls under this Policy the parties will be informed in writing of the initiation of the investigation. The written information shall include:

- The identities of the parties, if known.
- A concise summary of the alleged conduct at issue (including when and where it occurred, if known).
- Notice of the allegations potentially constituting Sexual Misconduct prohibited by this Policy.
- A statement that the Respondent is presumed not responsible and that a determination regarding responsibility is made at the conclusion of the grievance process.
- A statement informing the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney. If a party does not have an advisor prior to a scheduled adjudicatory hearing, they must notify the Title IX Officer and the University will assign an advisor to them for the hearing.
- A statement informing the parties that they may request to inspect and review evidence.
- A statement informing the parties that knowingly making false statements or knowingly submitting false information during the grievance process may constitute a violation of University policy.
- Information regarding the applicable grievance procedures, including the informal resolution process.

- Notice of the individual(s) appointed to conduct the investigation, including their name and business address.
- If, during the investigation, additional information is disclosed that may also constitute prohibited conduct under this Policy, the Respondent and Complainant will be informed in writing that such additional information will be included in the grievance process.

Collection of Evidence

The investigator(s) will collect information from each party. While the Complainant and the Respondent are not restricted from gathering and presenting relevant evidence, the investigators are responsible for gathering relevant evidence to the extent reasonably possible. However, each party will be given an equal opportunity to suggest witnesses; provide other relevant information, such as documents, communications, photographs, and other evidence; and to submit a written statement concerning the allegations in the formal complaint.

Parties and witnesses are expected to provide all available relevant evidence to the investigator(s) during the investigation. While parties are not restricted from presenting information attesting to the parties' character, such evidence generally is not considered relevant.

The investigator(s) will provide to a party written notice of the date, time, location, participants, and purpose of all investigative interviews to which they are invited or expected, with sufficient time (generally no less than three (3) business days, absent exigent circumstances) for the party to prepare to participate.

Parties will be interviewed separately. The investigators will interview witnesses as necessary. The investigators will take notes and prepare written summaries of the interviews taken. The interviewee and/or their Advocate, if present, may take written notes during the interview. The investigators may record interviews to assist with accurate report writing. Any other recording of interviews (including by the parties) is prohibited and violations may result in discipline.

In general, a party's medical and counseling records are confidential. The investigators will not access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in their official capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the investigators obtain that party's voluntary, written consent to do so. If a party gives such voluntary, written consent, medical and counseling records will no longer be treated as confidential and may be included in the case file and/or investigation report.

The investigator(s) will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege (e.g., attorney-client, doctor-patient), unless the individual holding

such privilege has waived the privilege.

Case File

After investigator(s) have completed any witness interviews and gathering of evidence, the investigator(s) will prepare a case file. The case file will include all collected evidence that is directly related to the allegations raised in the formal complaint, including the evidence upon which the University does not intend to rely in reaching a determination regarding responsibility and including any inculpatory or exculpatory evidence, whether obtained from a party or other source as part of the investigation.

The case file may include, as applicable, transcripts or summaries of party and witness interviews and other collected documents and evidence. The investigator(s) will provide the case file (or, when deemed appropriate, a written summary of relevant information contained in the case file), redacted of personally identifiable information in accordance with applicable law, to each party and their adviser in electronic form or hard copy. In all cases, any information relied on in adjudicating the matter will be provided to the parties and their advisers. The investigator(s) will also provide an updated Notice of the Allegations, as appropriate.

Within ten (10) calendar days of receiving the case file (or written summary, as applicable), each party may respond in writing, which may include a request that the investigators collect additional evidence. If the investigator(s) believe that further information is needed following receipt of any responses from the parties, the investigator(s) will pursue any additional investigative steps as needed. The parties and their advisers will be provided with each party's written responses to the case file, if any, as well as any additional information collected by the investigator(s) (or a written summary of same, as applicable), in electronic format or hard copy.

Investigation Report

As the investigator(s) gather evidence, they will create a written investigative report that summarizes all relevant evidence; the report will not contain irrelevant information. Following their review of the parties' responses (if any) to the case file (or written summary, as applicable), the investigator(s) will complete the written investigative report. The report should include a statement of the allegations, a description of the events in question, information concerning the scope and conduct of the investigation, and summaries of interviews conducted and relevant evidence developed (for example, documents, photographs, electronic records, police reports, text messages, statements, and other relevant materials). The report may include observations of the investigator(s) with respect to the demeanor and participation of the parties and witnesses, relevant consistencies and inconsistencies in the information provided, and issues, if any, concerning the credibility of information submitted by parties and witnesses.

At least ten (10) calendar days prior to the hearing, the investigative report (or a written summary of same, as applicable) will be provided to the parties and their advisers via electronic format.

The parties may choose to provide a written response to the investigative report, which

must be submitted at least five (5) business days prior to the start of the hearing. The response may consist of a written statement not to exceed five (5) double spaced pages. At least 48 hours prior to the hearing, the parties and their advisers will be provided with the other party's written response to the investigative report, if any, in electronic format.

H. Hearing

The Title IX Officer may appoint a single individual to preside over the hearing as a Hearing Officer, or three individuals to act as a Hearing Panel. One of the individuals selected for the Hearing Panel shall be designated as the Chairperson of the Hearing Panel.

Hearings will generally be conducted as a live hearing during which it assembles (in person or virtually) all of the parties together at the same time.

The Hearing Officer or the Chair of the Hearing Panel as the case may be, shall act as Chief Hearing Officer and will have absolute discretion with respect to administering the hearing. The Chief Hearing Officer will decide whether evidence and witnesses are relevant or irrelevant, with the understanding that the introduction of relevant evidence and witnesses will always be permitted, and shall be responsible for maintaining an orderly, fair, and respectful hearing. The Chief Hearing Officer will have broad authority to respond to disruptive or harassing behaviors, including adjourning the hearing or excluding the offending individual, including a party, witness, or advisor.

Prior to the hearing, the Hearing Officer or Hearing Panel will be provided with the case file (and written summaries, as applicable), investigative report, and any responses to the investigative report. The Hearing Officer or each member of the Hearing Panel shall review the case file (including the parties' responses), ask questions during the hearing as they deem appropriate, and participate in the deliberations leading to the adjudication of responsibility.

At least five (5) business days prior to the hearing, the parties and their advisers will be notified of the hearing date, time, and location (or relevant electronic information if the hearing will be conducted remotely).

In advance of the hearing, parties will be given the opportunity to request that certain witnesses be called at the hearing. The Chief Hearing Officer has the discretion to exclude from the hearing evidence/witnesses/questions deemed irrelevant.

At the Chief Hearing Officer's discretion, pre-hearing meetings may be scheduled with each of the parties and their advisers to explain the hearing protocol. Each party may make requests related to the format or the nature of their participation in the hearing. The Chief Hearing Officer will accommodate requests by either party for the hearing to occur with the parties located in separate locations with technology enabling the Hearing Officer or Hearing Panel and the parties to simultaneously see and hear the party answering questions.

As appropriate and/or at the discretion of the Chief Hearing Officer, hearings may be

conducted in person or by video conference or any other means of communications by which all individuals participating are able to see and hear each other.

Presentation of the Case

A typical hearing may include brief opening remarks by the Chief Hearing Officer; questions posed by the Hearing Officer or Hearing Panel to one or both of the parties; questions posed by the Hearing Officer or Hearing Panel to any relevant witnesses; and the opportunity for the parties' Advisors to ask relevant cross-examination questions of the other party and relevant witnesses, including but not limited to those that challenge credibility. Before a party answers a question posed by an Advisor, the Chief Hearing Officer will determine whether the question is relevant and explain any decision to exclude a question as not relevant. The Hearing Officer or Hearing Panel will consider all relevant evidence that is contained in the case file, investigative report, and/or relevant information that is elicited during the hearing. A party or witness need not participate in the hearing in order for the Hearing Officer or Hearing Panel to consider the information that the party or witness provided that is contained in the case file or investigative report.

Record of Hearing

The University shall create an official record in the form of a recording or transcript of any live (or remote) hearing and make it available to the parties for inspection and review. Any other record of the hearing or any other recording is prohibited and violations may result in discipline and/or appropriate legal action.

Written Determination

Following the hearing, the Hearing Officer or Hearing Panel will consider all of the relevant evidence and deliberate regarding responsibility. In a case presided over by a Hearing Officer, the Hearing Officer shall make a determination, by a preponderance of the evidence, whether the respondent has violated the Policy. In the case of a Hearing Panel, the members of the panel shall deliberate and make a determination, by a preponderance of the evidence, whether the respondent has violated the Policy by a majority vote of the members of the Hearing Panel.

The Chief Hearing Officer shall write a written determination, which will contain:

- the allegations potentially constituting University Sexual Misconduct;
- a description of the procedural steps taken from the receipt of the formal complaint through the determination (including any notifications to the parties, interviews with parties and witnesses, site visits (if any), methods used to gather other information, and the hearing);
- findings of fact supporting the determination;
- conclusions regarding the application of this policy to the facts;

- a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility (i.e., whether a Policy violation occurred), any disciplinary sanctions imposed by the Sanction Officer if there has been a finding of responsibility;
- whether any remedies designed to restore or preserve equal access to the University's education program or activity or working environment will be implemented; and
- relevant appeal information for the parties.

Disciplinary sanctions and remedies will be determined in accordance with the procedures listed below, and the information will be provided to the Chief Hearing Officer for inclusion in the written determination.

The parties and their advisors will simultaneously be provided with written notice of the determination (or, when deemed appropriate, a written summary of the written determination) of the hearing and disciplinary sanctions, if applicable, no later than seven (7) business days after the final determination is made.

I. Disciplinary Sanctions and Remedies

If a party is found to have violated this Policy, before finalizing the written determination, the Chief Hearing Officer will confer with the appropriate University official(s) to determine sanctions and remedies. Sanctions being imposed will be included in the written determination.

Sanctions will take into account the seriousness of the misconduct as compared to like cases in the past, the respondent's previous disciplinary history (if any), and institutional principles. Remedies, which may include supportive measures, will be designed to restore or preserve equal access to the University's education program or activity.

When there is a finding of responsibility, the case record (consisting of the case file and responses, investigative report and responses, hearing recording, and written determination relating to the finding of responsibility) will be reviewed with the appropriate University official(s), based on the respondent's primary relationship to the University.

The Chief Hearing Officer shall set the sanctions and remedies in consultation with appropriate University administrators or their designee(s):

- If a student is found responsible for violating the Policy, the Vice President for Student Affairs.
- If a faculty member is found responsible, the Senior Vice President and Provost.
- If a staff member is found responsible, the Associate Vice President of

Human Resources.

In the event that any of the administrators is unavailable, an appropriately trained University official may serve as a substitute. The Chief Hearing Officer will include any sanctions and remedies in the written determination. Sanctions will be subject to appeal under this Policy.

Potential Sanctions

Sanctions for a finding of responsibility depend upon the nature and gravity of the misconduct, and the adjudication and/or disciplinary procedures applicable to the Respondent. In general, sanctions for violations of the Sexual Misconduct Policy may include, without limitation, withholding a promotion or pay increase, reassigning employment or job duties, terminating employment, temporary suspension without pay, compensation adjustments, censure, probation, warning, letter of apology, expulsion or suspension from the University, expulsion from campus or University-provided housing, disciplinary probation, mandated counseling, educational sanctions, and/or the suspension or revocation of any other privilege with respect to membership or participation in the University Community.

In cases involving Sexual Harassment, the University will also take reasonable steps to eliminate any hostile environment that has been created, such as arranging trainings and disseminating informational materials.

J. Appeal

The Title IX Officer may appoint a single Appeal Officer or three individuals to act as an Appeals Panel. Both parties have equal rights to an impartial appeal at the following junctures:

- Upon the dismissal of a formal complaint or any allegations therein.
- Upon receiving the Chief Hearing Officer's written determination regarding responsibility and, when applicable, sanction(s) and remedies.

Appeals may be submitted on the following bases:

- procedural irregularity that affected the outcome of the matter;
- new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made which could affect the outcome of the matter;
- The Title IX Officer, investigator(s), the Hearing Officer or any member of the Hearing Panel, or Sanction Officer had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

To appeal, a party must electronically submit a written appeal statement to the Title IX Officer, or their designee, within five (5) business days of receipt of the written

determination or dismissal. The Appeal Officer may deem a late submission reasonable only under extenuating circumstances, and may decide in their sole discretion what constitutes valid extenuating circumstances.

The appeal shall consist of a written statement not to exceed 1,500 words, outlining the basis for appeal and the relevant information to substantiate the appeal. The non-appealing party will be provided with a copy of the appealing party's written statement and may submit a written response, not to exceed not to exceed 1,500 words, to the Title IX Officer, or their designee, of the University within five (5) business days of receipt of the appealing party's written statement. The non-appealing party's statement will be provided to the appealing party. No further appeal submissions from the parties shall be permitted. Upon request by the party and for good cause shown, the Appeal Officer may permit a party to exceed the 1,500 word threshold.

An appeal is limited in scope. The purpose of an appeal is not to initiate a review of substantive issues of fact or a new determination of whether a violation of University rules has occurred. In deciding an appeal, the Appeal Officer may consider the case file and any responses, investigative report and any responses, the hearing record, the written determination, and any written appeal(s) or statements by the parties. The Appeal Officer also may consider any other materials the University deems relevant and that have been shared with the parties.

The parties and their advisors will simultaneously be provided (via electronic format) with the written decision describing the result of the appeal and the rationale for the result.

- If the Appeal Officer/Panel finds that:
 - the earlier decision should stand, the parties will be so informed and the University Title IX/Sexual Misconduct process is concluded.
 - there was procedural irregularity that affected the outcome of the matter, the matter will be remanded to the Chief Hearing Officer to determine appropriate further action.
 - new evidence is available which was not reasonably available at the time of the determination regarding responsibility or dismissal, and such evidence could alter the outcome of the matter, the matter will be remanded to the Chief Hearing Officer for appropriate further action.
 - the Title IX Officer, Investigator, Hearing Officer or member of the Hearing Panel, or administrators involved in determining sanction had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter, the Appeal Officer will take appropriate measures to address and remediate the impact of the bias or conflict consistent with the general procedures of this Policy.

The Appeal Officer/Panel will endeavor to complete the appeal review within

fifteen (15) business days following receipt of the party's appeal statements.

The determination regarding responsibility becomes final either on the date that the parties are provided with the written determination of the result of an appeal if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

K. Revising and Implementing Procedures

The Title IX Officer will review and monitor the application of formal and informal resolution procedures and appeals, if applicable, concerning formal complaints alleging violations of the Sexual Misconduct Policy for compliance with the requirements of Title IX and VAWA. The University reserves the right to amend, modify, suspend and/or change any University policy, procedure or rule in order to ensure such compliance.

VIII. PREVENTION AND AWARENESS

The University is committed to the prevention of Sexual Misconduct through education and awareness programs. Incoming students and new employees receive primary education and prevention training as part of their orientation, and returning employees and students receive ongoing training and related programs. The Title IX Officer is charged with monitoring the University's education, prevention and training programs as required by Title IX and VAWA.

Resources are also available through the Department of Public Safety which provides the University Community with safety information as well as programs and workshops on sexual assault, crime prevention, and personal safety.

IX. GENERAL

The University reserves the right to modify this Policy and the procedures herein to take into account applicable legal requirements, to address extraordinary circumstances, and/or as it deems necessary to further the purpose and intent of the Policy.

In order to comply with FERPA and Title IX and to provide an orderly process for the presentation and consideration of relevant information without undue intimidation or pressure, the investigation and resolution procedures applicable to issues of Sexual Misconduct are not open to the general public. Accordingly, documents prepared and/or submitted in connection with proceedings including but not limited to complaints, reports, notices, summaries, recordings, transcripts, or other information introduced during the procedures may not be disclosed outside of the proceedings, except as may be required or authorized by law.

The University will retain documentation (including but not limited to the written complaint, notifications, the investigation materials, reports, recordings or transcriptions of hearings, findings of fact, petitions for appeal, and any written communications to or from the parties), for at least seven years. Documentation pertaining to expulsions or educational sanctions may be retained indefinitely.
